# Ohio House Builds Up Pile of Work

Lobby-Curbing Bill Is Put Off until Monday Session

COLUMBUS, Ohio (AP) - The Ohio House has built up a pile of work for itself Monday, including | 1 priority. action on a controversial bill to restrict lobbying.

Compounding the Monday chores faced by the House is a bill raising the rate of employer back. contributions to the unemployment compensation fund.

The lobbying bill was carried over from Thursday's calendar because of a desire for further study by House Speaker Roger Cloud. The House Thursday passed and

sent to the Senate bills to: Ban all sales of intoxicants on Christmas Day.

Allow cities and counties to protest new liquor and beer permits in their areas.

Spur sale of bonds issued to finance water and sewer systems in built-up suburban areas by deferring payment of assessments up to 20 years.

Reduce from 30 to five days the limit for disciplinary suspension of state and local civil service em-

The Senate, without debate, sent to the House a bill increasing membership of the Bowling Green State University board of trustees from five to seven. Sponsors indicated the measure is designed to quiet some of the unrest which has beset the campus since early spring. They said only six meetings of the board have been held in the last two years and expressed hope a larger board could meet more frequently

The bill on Christmas Day sale of liquor started out to ban sales before 6 p.m. A surprise amendment banning all sales on the religious holiday was adopted and the bill was quickly passed.

The other House - approved liquor bill provides that counties and municipalities must be notified within 10 days when new beer and liquor permits are sought in their areas. The measure sets up a firm time schedule for county commissioners or city councils to file objections, arrange local hearings and take testimony. After the hearings, the liquor control directer would have authority to issue or reject the permit applications

The House also passed and sent to the Senate bills to: Increase salaries of the five

Workmen's Compensation Board of Review chairmen, now \$5,500, to \$7,500 a year. Increase pensions for police

widows to \$90 a month and allow \$35 a month for life to disabled or retarded children of deceased police officers. Lengthen to five years the three-

year terms of notaries public. The pill to put new clamps on lobbying activities was touted as the top order of business in Thursday's session, but Speaker Cloud personally called a halt in order

that he might study the measure over the weekend and confer with controlling House Republicans in a caucus Monday. The lobbying bill, in addition to requiring more frequent expense reports from lobbyists representing private interests, puts a brand-

new crimp in the activities of public officials who attempt to influence legislation. Cloud said he is concerned with penalties established for public officials who violate provisions of the new bill.

#### Nasser Anti-Red Plan Hit by Khrush

CAIRO (AP) - The newspaper Al Ahram reported today that Soviet Premier Khrushchev bitterly attacked President Nasser's suppression of communism in the United Arab Republic and predicted Nasser's downfall unless he embraces communism.

The report said Khrushchev on May 3 told a delegation from the U.A.R. National Assembly visiting Moscow: "If our people are living a better life than yours under the banner of communism, how can you declare you are against communism?

'Your people will ask you to step aside and demand they handle their own affairs."

## Kennedy Wins In Housing Fuss

Test Vote Is Won After Bitter Debate

WASHINGTON (AP) - President Kennedy wrapped up a smashing victory on the \$6.14 billion housing bill in the Senate early today, but only after a bitter fight through a marathon

131/2 hour session. Final passage of the omnibus measure - one of the big five on list — was put over until Monday. But the Senate only quit at 1:35

vanced to a stage at which no further changes are possible. Thus on Monday there will be only talk and a seemingly assured vote to pass the bill and send it on

to the House. In its final Senate form, the bill contains practically all of the housing programs asked by Ken-

But this turned out to be the ed for except the back." case only after administration lieutenants battled for hours to reverse a severe defeat suffered

Thursday afternoon at the hands of a Democrat. Administration forces had been knocking down attempts by Republicans to chop the bill but they were caught by surprise at a

maneuver by a Democrat, Sen. Albert Gore of Tennessee Gore won, 49 to 44, adoption of an amendment cutting from the bill the entire moderate income family program advanced by the administration. This is one of the new features of the bill on which

Kennedy has set great store. In its original form, it sough, to aid families in the \$4,000 to \$6,000 bracket by offering no-down-payment, 40-year mortgages to buy homes, and similar - term, 'ow interest rate loans to non profit

groups to build apartments. Gore attacked 40 - year mortgages as unsound and impractical. Sen. John Sparkman, D-Ala. floor manager for the bill, defended them as the key provision in the measure designed to aid 'poor folks' through low monthly

After much oratory and lots of jockeying in the cloakrooms. Sparkman finally devised a substitute which got the provision back into the bill by a 47 to 42

The formula calls for 3 per cent down on the first \$13,500, or \$405. plus 10 per cent on the amount of a \$15,000 house. It is identical FHA financing in that price bracket. In the existing system

President Kennedy, just like any a watchful eye on her famous other good patient, today minded | patient, although the bothersome doctor's ordess and gave a heated | back might have been all right by salt water swimming pool his No. now if Kennedy hadn't gone through such a heavy schedule abroad.

14 Pages

The ocean front villa of Mr. and Mrs. Charles B. Wrightsman, where Kennedy is staying, is equipped with a heated swimming

Both in Washington before his departure and after his arrival here Kennedy gave little or no indication of suffering discomfort. He smiled as he walked down the ramp from his plane. Cnlookers could detect no sign of real distress. And when his car reached the Wrightsman home, Kennedy hopped out in his usual brisk

Kennedy's present back trouble is described medically as a lumbosacral strain. The White House says it is unrelated to his previous serious back problems.

Dr. Travell thinks it will remedy itself rapidly with proper treatment, including rest and swimming in warm water.

Kennedy suffered the strain while lifting several spadefulls of earth during a ceremonial tree planting during a state visit to Canada.

Dr. Travell described the resultant pain as "a kind of constant discomfort or something like a steady toothache." But Kennedy the President's 1961 legislative had kept the injury from his staff. except for his physician. Perhaps the basic reason

Kennedy is suffering from a a.m. after the bill had been adstrained back is that "the good Lord made the back for quadrupeds and not for bipeds," a Washington bone and joint specialist said today. He told a reporter that in the evolutionary process, through

> legs, "everything was compensat-"Too much strain has been placed on the human back for the position that man has assumed.' declared the doctor, who asked

which man assumed an erect po-

sition and began walking on two

to remain anonymous. "The human spine," he said. "has an angle or curve to it that makes it susceptible to strain because of man's erect position. The vertebrae in quadrupeds are evenly balanced due to the way they carry their weight on four

A "lumbosacral strain" such as Kennedy suffered can occur during such activities as golf, tennis, heavy lifting, and even gardening, the doctor said. And, he added, victims are not necessarily limited to occasional devotees

of such exercise. You've got to have "an even rhythm of motion in any exercise to stand the best chance of avoiding back strain, he said. Any sudden twist of the body

could well bring it on. He said that in shoveling dirtas Kennedy was doing for a tree planting ceremony in Ottawa when he suffered his injury-you should be sure to bend your knees somewhat so all the strain of lifting won't be on the lower part of the back.

## Tractors for Freedom Deal Ready, Now Up to Castro

DETROIT (AP)—The Tractors to send Fidel Castro the 500 tractors he asks in exchange for 1,200 invasion prisoners as well as a team of experts to negotiate the deal. The next move is up to him.

The committee cabled the Cuban prime minister Thursday night that "we are prepared to move with dispatch and ship the first consignment of 100 tractors not later than two weeks from today, to be followed by additional consignments of tractors in lots of 100 until the total of 500 are delivered."

It cautioned Castro, however, that "we trust you are equally prepared to move with dispatch to release the prisoners. We remind you of our insistence that you make available to us without further delay a complete list of the 1,214 prisoners involved so that we can develop satisfactory procedures for verifying the iden tity of those released.

"We would recommend that the international Red Cross be asked o handle the details relating to the release of the prisoners."

The committee, formed after Castro made his trade offer May 17, said it would not send one of its more prominent members to Havana to negotiate as Castro had asked but would send a sixmember technical committee of agricultural and tractor experts.

U.S. Prods Soviet To Get

GENEVA (AP)-U.S. Ambassador W. Averell Harriman met Soviet Foreign Minister Andrei A. Gromyko today in an attempt to get the stalled international conference on Laos moving again.

Harriman, chief U.S. delegate to the conference, will deliver a note sent from Washington with Presian effective cease-fire in Laos.

Britain, co-chairman with the Soviet Union, has postponed the conference indefinitely because of cease-fire violations. But both East and West expressed desire for agreement.

There had been some hope Gromyko was bringing new instruc- man. tions from Moscow when he arrived in Geneva Thursday night met Soviet Premier Khrushchev in Vienna, Austria.

the Communists to change their

"My pockets are empty," he inrough

A cease-fire was proclaimed May 3. But the West has charged repeated violations and today there were reports of attacks by

It appeared the Communist-led Pathet Lao rebels are trying to clean out areas of government resistance and strengthen their claim to Xieng Khouang Province.

Gromyko met this morning with the foreign ministers of three of the Communist countries-Marshal Chen Yi of Red China, Adam Rapacki of Poland and Ung Van Khiem of North Viet Nam.

Chinese and Vietnamese Communists may be even less eager to stop the fighting than Moscow. returned to Geneva to resume the conference and declared: "We still believe that if all parties are willing, it is possible to reach an

are willing." The assumption was that he meant if all parties are willing to go along with the Communists. With the rebels holding the upper hand militarily, the Communist delegates at Geneva insist the cease-fire is effective and the conference should only discuss the

political future of Laos. The United States and Britain orced an indefinite suspension of the conference sessions Thursday after the pro-Communist Pathet Lao rebels drove a holdout government garrison out of the mountain village of Padong, deep in Pathet Lao territory. The West called the attack on Padong a serious violation of the ceasefire.

The Western allies refuse to participate in further conference sessions until the Communists agree to strengthen the powers of the truce commission in Laos to enable it to check immediately en violations of the cease-fire. But President Kennedy reiterated that the U.S. delegation was not quit-Circleville and area communities | ting the conference to return

## New Radar To Aid Nike Zeus System

WASHINGTON (AP) - The Army has embarked in development of a new type of radar that holds promise of meeting some of the criticism aimed at the Nike Zeus antimissile system.

It's called phased radar and involves emitting an electronic beam to scan the skies for oncoming enemy missiles so Nike Zeus rockets can seek them out and destroy them far from targets in the United States.

Such a radar device, if proved successful, would replace the heavy rotating scanning structures now in use.

Army specialists said today the new type radar would do its job rapidly and precisely.

These specialists said it would be simpler and less costly than the models now in use.

Disclosure of the new Army approach came Wednesday in a brief statement announcing award of a nearly \$5 million contract to on an advanced radar "design for possible future incorporation into the Nike Zeus antimissile missile

The Army has been waging an uphill fight for some time to convince the Kennedy administration leaders that Khrushchev predictand top Pentagon officials that ed to him that Iran would be lost the Nike Zeus antimissile - the to the West, although disclaiming only one under advanced development-is as good as the Army 8. In his TV talk Kennedy made it clear he told Khrushchev the

The administration has asked about \$300 million for the next fiscal year to push development.

## Reds Seek To Wreck Rally Of Protestants in Berlin

and the Communist regime of Atlantic 'Treaty Organization. East Germany will reach a new peak in July

The church has scheduled its annual mass rally in divided Berlin for July 19-23 and the Communists are doing their utmost

Half a million of the church's 40 million members throughout Germany attended the rally, known as the Kirchentag, in Munich last year. An equally large turnout could be expected next

But the Communists have made it plain they will do all they can to prevent East German members getting to Berlin.

They may also interfere with free travel to surrounded Berlin by barring church leaders from West Germany coming by road or rail. They have done this before when meetings of which they disapproved were held in the di-

The struggle is over the unity of the Evangelical church.

Groups of member churches are federated in one body which straddles the iron curtain. The biggest group, the Church of the Union, which formerly covered the area of Prussia, now stretches from the Oder River in the Communist East to the Rhine in the free West.

The Communist regime doesn't like this. It wants for East Germany a separate church leadership. So it is campaigning to split the church in two by obstructing unified meetings of members from East and West.

To justify their opposition the Communists have slapped a political label on the rally.

They claimed East Germans were being lured to West Berlin to become pawns in the cold war. They called the organizers "militarists and revenge seek

BERLIN (AP) - The struggle ers," claiming the Kirchentag between the Protestant church was under the patronage of North

So far the Communists have confiscated church papers announcing the date of the Kirchentag, vetoed meetings in East Berlin and warned East Germans not to try to get to West Berlin to take part.

The church has made one concession to this pressure. It has advised serving members of the West German armed forces not to come to Berlin to take part.

#### Chain of Doctors To Check Astronaut

## To give home-buyers the most for their money...

You can't beat GAS heat for economy. Dollar for dollar GAS heat is the best buy. Costs only about 1/4 as much as wired heat - and doesn't require excessive insulation.

You can't beat GAS heat for cleanliness. GAS burns clean - no smoke, soot, or dirt. A forced air system circulates the air in your home, filters it, removes dust and pollen, and reheats the cleaned air for constant, even warmth.

You can't beat GAS heat for dependability. Throughout last winter's record cold spells, GAS heat users were comfortably warm. A flick of the thermostat to the desired temperature did the trick-without fear of interrupted service due to winds or ice.

You can't beat GAS heat for healthful living. Heating with some fuels means sealing your home so tightly that you breathe stale air, but a GAS heating system provides for normal air change. This brings in fresh air automatically. GAS HEAT PROVIDES A HEALTHFUL, FRESH-AIR ATMOSPHERE.

Signed - J. BOYD STOUT

You can't beat GAS heat for modernity. With a GAS forced air system a house is half way to year 'round air conditioning. Conversion to summer cooling using existing furnace ducts is simple and quick. Often there's no costly remodeling or construction, Nothing else provides the advantages of GAS . . . at such a low cost.

ful, fact-filled booklet which will Call or write us now for this useanswer all your home heating questions.

There's nothing like a flame for heating!

Before the Altar of Christ they took their vows. And now God has placed another hand in theirs; a small hand, needing tenderness and guiding love.

Before the Altar of Christ they come with their child, and according to the baptismal beliefs of their church dedicate his life to God.

Before the Altar of Christ they worship each Sunday, and eagerly help their growing son to master the Truths that will undergird his life.

Of course, there are times when the responsibilities of marriage and parenthood test their patience, and understanding, and courage to sacrifice.

But they have learned long since to conquer their selfishness and surrender their pride where they receive forgiveness, strength and ever-deepening lovebefore the Altar of Christ.

### Farm Loan Plan Gains Momentum

The farm housing loan program of the Farmers Home Administration is picking up new momentum, not only throughout the nation, but here in Pickaway County.

That's the word from Wade E. Jeffers, county supervisor in charge of the agency's lending program here. He said this renewed farm housing loan activity follows an earlier announcement that an additional \$50 million is now available to the Farmers Home Administration for its four per cent loans to farm owners to build or repair houses and essential farm buildings. Such a loan may extend over a 33-year period.

The new loan money broke up a log - jam of applications that were being held because funds had been exhausted. Nationwide, loans are now being processed at the rate of about \$5 million a month but indications point to a probable doubling of that pace.

In this area Jeffers said he looks for the main demand to continue to be for loans for new construction, although farm owners may need the credit to repair or remodel dwellings, put in modern kitchens, in stall pressure water supply systems, central heating, bathrooms and other conveniences. Other uses include building, repairing or modernizing barns, dairy and poultry facilities and other farm service buildings.

FARM owners find much of this type of construction necessary to cope with changing agricultural

The county supervisor pointed out The suit was brought against the that byproducts of this loan pro-Commercial Freight Co. following gram include employment of caran accident August of 1958 on penters and other skilled and un-Route 23 about 21/2 miles north skilled labor, and increased busifered permanent injury in a collis- ding materials and equipment

## Rocket Belt Is Perfected For Army

BUFFALO, N.Y. (AP)-A practical, working rocket belt, torn from the pages of science-fiction, has made a reality of mankind's age-old dream of flying with the

A twist of a throttle, a turn of a lever, and man leaps from the ground, his own personal rocket belt strapped to his back. He hovers in the air, he flies over rivers, he flits up a hill that would leave him breathless to climb. His support is a twin-nezzle thrust of hydrogen peroxide

All this was revealed today by Bell Aerosystems Co., which developed the belt-called a Small Rocket Lift Device-for the Army Transportation Research Com-

Photos of a test engineer. Harold M. Graham, in personal flight with the man-rocket showed him easily leaping a fire truck, handily swirling up a hill, casually jumping a stream.

In 30 successful test flights this spring, Bell said, Graham achieved a speed of about 20 miles an hour. His longest horizontal flight was 360 feet. He did not try for any great altitude, but the belt carried him up a steep, 30-foot-high hill with ease.

#### American Capitalism Study To Be Offered

#### How Weather Looks Today

COLUMBUS, Ohio (AP) - Offi- tion Committee for a term ending cial Weather Bureau summary of Ohio's weather outlook:

ville, succeeds Francis R. Hothem Tornado forecasts issued by the of Fresno, Coshocton County. Weather Bureau Thursday afternoon were verified as a tornado struck on the outskirts of Piqua, north of Dayton. About 9 o'clock last night, the all-clear was given. Thunderstorms continued

through the night, but no more severe weather was recorded. Rainfall amounts ranged upward to as much 1.7 inches in Dayton, an inch at Youngstown, and about one inch in Columbus.

Early morning temperatures today were mostly in the mid-60s. Columbus had 65, Youngstown and Toledo 74, and Cincinnati 67.

The warm, humid weather is forecast to continue through Saturday, with scattered thundershowers this afternoon and evening, and again during the same periods Saturday.

OHIO FIVE-DAY FORECAST' SOUTHERN & CENTRAL OHIO -Temperatures will average near normal. Normal high in low 80s, normal low in low 60s. Only minor day-to - day temperature changes through Wednesday. Precipitation will average about one inch in scattered thundershowers tonight, Sunday and Monday, but with some threat of showers each

NORTHERN OHIO - Temperatures will average 2-4 degrees below normal with only minor changes from day to day. Normal high 75-80, normal low 54-60. Precipitation will average one-half to threequarters inch in scattered showers the first part of the week.

Switches made of semimetal such as antimony and bismuth are in the research stage. Such switches should be able to operate much more swiftly than the present transisters in computing machines.

### The Circleville Herald, Fri. June 9, 1961

## **OSU AG Experts Explain** Farmer's Cost-Price Squeeze

talk of the "cost-price squeeze?"

Farm extension specialists at Ohio State University say it is a common term in farm circles and that it refers to the financial pinch in which farmers have found themselves as prices for the things they produce have gone down while the costs of the things they buy have

You might compare this situation, say these specialists, to a cut in wages at a time when your monthly bills are getting bigger

Here is the way the OSU farm

experts explain it: To the Ohio farmer, the costprice squeeze has meant narrower profit margins - warning signals that changes are needed to maintain income levels. Since the end of World War II, in order to maintain incomes. Ohio farmers have increased their efficiency and expanded the size of their units to produce a volume of business about double that of 1945. Some

The number of Ohio farms, according to census figures, dropped 59,000 from 1950 to 1959. Part of the decline was due to a change in G. E. Leist and Sons, local con- the definition of a "farm" in the census which dropped about 7,000 farm units in the state. But operators of many of those 59,000 farms simply fell victim to the cost-price

> Either they were not able, or they didn't attempt to change their farm businesses as output per man increased, the specialists said. Now they are working in non-farm jobs or living on relatively lower

As to the outlook for Ohio farmers in the 1960s, the specialists say those who farm small units, and those who farm large ones inefficiently, are in trouble.

They believe the successful farm of the 1960s will use more business

#### Golf League Washed Out

10

Scheduled action this week on the Pickaway Country Club golf course fell victim to the same wet fate as most other area sporting events since Monday - postponment.

Regular league action will revert to the schedule established for next week.

The best-ball -of -foursome tournament, barring further downpours, is still slated Sunday. Entrants should make up their own foursomes for the competi-

## New Exposure Is Hinted in Cage Scandal

NEW YORK (AP) - It may be another three months before the place in the 50"-58" competition. investigation into the still-growing college basketball scandal— Jack Rose Paces which now counts 31 players, 17 schools and 40 games-is completed, Dist. Atty. Frank Hogan said today.

Four former players, previously named as co-conspirators, were indicted Thursday on charges of conspiracy and bribery. At the same time, Hogan re'eased the names of two new players covering one more game allegedly involved in the revelations of point-shaving that have stretched

from coast-to-coast. The newly accused players, according to Hogan, were Jack Rose, 23, captain of the Connecticut basketball team a year ago; and Ray Stanley, 23, a recent graduate of the University of North Carolina.

Their names came up as Dave Budin, 28, former Brooklyn College star; Jerry Vogel, 24, of the Bronx, N.Y., and Dan Quindazzi, 24, of Yonkers, N.Y., both former Alabama players; and Lou Brown, 22, of Jersey City, N.J. were indicted on charges of conspiracy and bribery. All four had been named previously in the investigation which began in March Cobb To Drive Own as co-conspirators in dictments of Aaron Wagman and Joseph Hack. Horse in HTA Pace

Big Racing Cars

The biggest question coming from auto race fans during the derburg, Wis., won the expert fea-Indianapolis cars only get from two and one half to three and onehalf miles per gallon of fuel?"

Late pit stops for gas by A. J. Foyt and the stories from Indianapolis telling how much he needed were more greatly emphasized

It is true that the drivers get very little mileage from their fuel. This is due to the gas being highly combustible and with the use of blowers and fuel injectors at high speed the fuel flows like water from a large tap.

Each mechanic and driver has what they believe to be their own concoction in the way of fuel and few tell what they are actually few tell what they are actually using. Foyt said when the race was over was that they were using a mixture loaded with the controversial nitromenthane or "pop" Sometimes this is referred to as nitro and some call it dynamite.

The mixtures are made up mostly from alcohol, high grade gasoline, menthanol and benzol and other high-powered substances. Alcohol is the hottest of them all and these fuels burn fast and are highly explosive. This is why they use so much fuel.

In the past, in an effort to redistribute the weight for better the position of motors. Where they used to be all upright and mostly centered, now they slant them over to the left side at various degrees. In these cases the drive shaft may on for a 10-8 victory. go down the left side of the car or even angle over to the center of the rear end. It could well be Mathews, Hank Aaron, Joe Adpair of unearned runs on Gene described as "mechanic's choice."

SPRUCED UP FOR MRS. KENNEDY-This is the yacht North Wind, at Athens, on which Mrs. Jacqueline Kennedy and her sister, Mrs. Lee Radziwill of London, are cruising the Aegean Sea. It's a vacation trip after a busy time with world affairs.

The change is part of a nation-

wide reorganization of the reserve

airmen so that the units will be

able to provide refueling, commun-

ications and medical facilities for

regular Air Force planes and

Officials explained that most of

the air force's planes would be

able to take off before an enemy

attack hit. They would make re-

taliatory attacks and then return.

However, it is feared that most of

the big air bases in the United

**School Studies** 

COLUMBUS, Ohio (AP)-A sug-

gested study, to see if Ohio's schools and colleges have ade-

quate teaching materials to pre

sent a full picture of democracy versus communism, has the an-

proval of the House Education

The committee recommended

Wednesday night that the House

adopt the resolution, which is con-

siderably changed from the way

it was introduced in April. It re-

sulted from the picketing of the

Statehouse by some young persons

in protest over U.S. involvement

Originally the resolution called

for a bipartisan nine-member com-

mittee to make the study and re-

port back before the end of this

session. But Rep. William M. Feighan, D-Cuyahoga, brought in

a substitute version Wednesday

night. It requests that the legis-

lature's fact-finding arm—the Leg islative Service Commission-

make the study and report back

The Spanish imported Negroes

from Africa into Cuba until 1886

to the 1963 legislature.

#### U.S. Reds Defy Supreme Court

NEW YORK (AP)-The head of the Communist party in this country said today the party will not comply in any way with the U.S. Supreme Court ruling that the party must register as an arm of a foreign power.

Gus Hall, the party's general secretary, said the ruling Monday the Com nunist party to committ suicide. We are not going to cooperate.'

He said officers of the party would prefer to spend the rest of their lives in jail rather than betray the trust of the membership

by making their names public. The high court ruled that the party must register under the Internal Security Act of 1950 as a representative of a foreign power, and list its members, officers and financial records.

Switzerland's famous Matterhorn was first climbed in 1865. But the British - led expedition ended tragically when three members of the party fell to their deaths during the descent.

#### Ohioans Slated For Hearing On Fake Bonds

CLEVELAND (AP)-A Cleveland bond broker said Thursday he and a former salesman for the firm will go to Miami, Fla., to aid in a federal grand jury investigation of the counterfeiting of \$265,000 worth | wife. of Ohio Turnpike bonds.

Milton Lewis said an Ohio Turnpike bond brought through the brokerage firm of Jaffe Lewis & Co. may have been the "pilot model" used by a counterfeiter in producing \$265,000 worth of turnpike

Lewis said the bond was brought by a man who "came back two or three weeks later and asked us to sell the pond.

Several months later, when Chris Markos, a former salesman for Lewis, noticed a newspaper story about an FBI investigation of counterfeit turnpike bonds, Lewis went to the FBI and told agents of the client who had bought and sold soon after.

Markos and Lewis both have been subpoenaed to testify at a hearing starting next Wednesday, Lewis said

The counterfeit bonds first worth were sold to the Guaranty Trust Co. in Nassau, British West Indies. Another \$165,000 worth appeared a few days later.

#### Wilmington Editor crews in the event of an enemy Port Columbus Airport, Hopkins Hailed by Air Force

WILMINGTON, Ohio (AP) -Thomas J. Hunter, editor of the Wilmington News - Journal, has won an Air Force award of appreciation. At a ceremony at Clinton County Air Force Base Thurs day, Maj. Gen. W. E. Eubank, deputy commander of the 2nd Air Force, said the afternoon newspaper's reports and editorials about the base showed accuracy and understanding and "served to dispel local unconfirmed rumors Mr. and Mrs. George Tester, 365 and misconceptions." The Strategic Air Command began a major expansion at the station for use at 8:08 p. m. yesterday in Berger | by refueling aircraft but recently decided to drop the project.
